6. GHMC's initiated Deferral, Suspension and Cancellation

i. GHMC's initiated Deferral

GHMC may defer an enrolment where the course is not being offered at the proposed date, site, or for any other reason that GHMC deems necessary. In this unlikely event, the refund provisions for provider default will apply. In exceptional circumstances, the GHMC may be unable to deliver units/units because of factors beyond its control. Where this situation exists (or one or more of the units that cannot be delivered is a prerequisite unit) students can have their study load adjusted and a deferral may be applied for. This basis for deferral is only available if the student can schedule units of competency so that they can complete their studies within the approved duration.

ii. GHMC's initiated Suspension or cancellation

Where a student has been identified as having breached GHMC's code of conduct (e.g., misbehavior, failure to pay an amount required to pay to continue the course), the CEO shall be informed as soon as possible. All the facts and evidence associated with the alleged misdemeanor or misbehavior must be presented to the CEO for due consideration.

If there has been a breach in course progress or attendance requirements by the overseas student, which must occur in accordance with Standard 8 (Overseas student visa requirements).

CEO is responsible for deciding whether there has been a breach based on the evidence presented and for deciding the ensuing penalty (i.e., suspension or cancellation of enrolment). CEO may consider the type of misconduct that has occurred and the level of misconduct that occurred when deciding penalties.

Students will be advised in writing of the decision. Students will be advised that they have 20 working days to access GHMC's Complaints and Appeals procedure if they feel that the decision is unfair, or they have other grounds to appeal the decision before the decision to suspend enrolment is implemented. A student course variation will be notified in PRISMS. All relevant documentation will be retained securely and confidentially in the student's file.

iii. GHMC's initiated Cancellation

GHMC has the right to cancel a student's enrolment where the student's misconduct is severe (as defined in the policy above). Students will be informed in writing of the intention and the reasons why their enrolment has been cancelled.

Where the CEO has decided the misconduct is severe enough for cancellation, the following will occur:

- The student will be informed in writing of the reason and decision of the GHMC to cancel the student's enrolment.
- They will be informed of the fact that they have the right to appeal against the decision through GHMC's internal complaints and appeals process, in accordance with Standard 10 (Complaints and appeals) within 20 working days of the written notification.
- No action will be taken until the internal appeals process has been finalised or if the student has failed to initiate an appeal within 20 working days, unless the overseas student's health or wellbeing, or the wellbeing of others, is likely to be at risk.
- Students will also be informed that if GHMC notifies the Department of Home Affairs ("DHA") of the cancellation, their student visa may be affected.

Once the appeals process is finalised and the decision to cancel is upheld, GHMC will inform DHA through PRISMS of the intention to cancel the student's enrolment. The change will be reported to overseas student's enrolment under section 19 of the ESOS Act.

All copies of relevant documentation will be retained securely in the student's file.

Note: If GHMC initiates a suspension or cancellation of the overseas student's enrolment, before imposing a suspension or cancellation,

- Students must be informed of the intention and the reasons for doing so, in writing.
- advise the overseas student of their right to appeal through GHMC's internal complaints and appeals process, in accordance with Standard 10 (Complaints and appeals), within 20 working days.

7. Deferral, Suspension or Cancellation of Enrolment Procedure (Students Initiated)

GHMC has implemented and documented the process for assessing, approving, and recording deferment of the commencement of study or suspension of study requested by an overseas student, including maintaining a record of any decisions.

i. Students Initiated deferral.

A student wishing to defer an enrolment can do so prior to the commencement of the course.

Students must complete an 'Application to defer, suspend or cancel enrolment' and submit it to the Student Administrations Department. An authorised person from the Administration Department will assess the applications.

A decision will be made within 10 working days. Students will be advised of the decision in writing. If approved, a student's course variation will be reported in PRISMS. All relevant documentation will be kept in the student's file.

ii. Students initiated suspension.

Students who wish to suspend their studies should first speak to a staff member in the Administration Department to get an application form and should ensure that they understand the reasons that suspension may be granted. The application form will also be available on GHMC's website www.ghmc.edu.au.

The application form must be completed and submitted to the Student Administration Department. The Institute may decide to accept an application from a student for deferral of commencement or suspension of study on the following grounds:

- a. On medical grounds (with supporting documents). Further documental evidence may be requested at the discretion of the institute; or
- b. In exceptional compassionate and compelling circumstances beyond the students control and which affect the student's course progress or wellbeing, such as serious illness, bereavement of close family members, major political upheaval or natural disaster, a traumatic experience, or another exceptional event. Independent evidence of the exceptional circumstances is required for the application to be assessed.

Criteria for accessing an exceptional event would include:

- Nature of the event e.g., that it is an exceptional event.
- Beyond the student's control — it cannot be scheduled at another time.
- Likelihood to affect student's wellbeing e.g., there are compassionate circumstances - if they do not attend, it will upset them and impact on their ability to study effectively and successfully.
- Impact on course progress e.g., the impact of the length of time away on course progress and how the student intends to ensure completion within duration.

Note: the wedding of a family member or friend, a cultural celebration that is also celebrated by the community in Australia, or a holiday are not reasons for a deferment.

Applications will be assessed and approved by an authorised staff member from the Administration Department.

Where a suspension of enrolment is granted, the GHMC will suspend the student's enrolment for an agreed period - to a maximum of 12 months. If suspension is required for longer than 12 months, students shall have to re-apply once the initial suspension period has expired.

Students will be informed in writing of the outcome of their application for suspension and advised that it may affect their student visa. The student's course variation will be recorded in PRISMS. All relevant documentation for the suspension will be kept in the student's file.

iii. Student initiated cancellation.

Students wishing to cancel their enrolment should advise GHMC as soon as possible and complete wherever possible an 'Application to defer, suspend or cancel enrolment' and submit it to the Administration Department.

Students wishing to cancel their enrolment prior to completing 6 months of study in their principal course must provide a letter of offer from an alternative provider. This is required under Standard 7 of the National Code 2018 and further information can be gained from the 'Transfer between Providers Policy and Procedure'.

Upon receipt of an application to cancel, the student's course variation will be noted in PRISMS as soon as possible.

All relevant documentation for the cancellation will be kept in the student's file.

8. Students Right to appeal (Complaints and Appeals)

- 8.1. Student has the right to appeal through GHMC's complaints and appeals process, in accordance with Standard 10 (Complaints and appeals), within 20 working days from the date of issue.
- 8.2. The suspension or cancellation of the student's enrolment will not take effect until the internal appeals process is completed; unless there are extenuating circumstances relating to the student's welfare like the overseas student's health or wellbeing, or the wellbeing of others, is likely to be at risk.
- 8.3. If the appeal is not upheld or the student withdraws from the appeal process, then the institute will report the student to the Department of Education and Department of Home Affairs (DHA) via PRISMS (applicable only to international students).
- 8.4. Refer to GHMC's Complaints and Appeals policy and procedure for detailed information on GHMC's website www.ghmc.edu.au or GHMC's student handbook.

Note: When there is any deferral, suspension or cancellation action taken, students must seek advice from the Immigration Department on the potential impact on his or her student visa. This change in enrolment will be reported on PRISMS as per section 19 of the ESOS Act.
