4. Definitions

Education Services for Overseas Students Act 2000 (ESOS Act): The Education Services for Overseas Students Act 2000 (ESOS Act) and related legislation are designed to protect the interests of overseas students coming to Australia on student visas. The legislation aims to protect and enhance Australia’s reputation for quality education, to provide tuition protection and to support the integrity of the student visa program.

National Code of Practice for Providers of Education and Training to Overseas Students 2018: Under the ESOS Act, the purpose of the National Code of Practice for Providers of Education and Training to Overseas Students 2018 (National Code 2018) is to set nationally consistent standards and procedures for registered providers and for persons who deliver education services on behalf of registered providers.

The National Code 2018 sets standards to ensure education services meet the needs and expectations of overseas students who come to Australia and satisfy the objectives of the ESOS Act.

Principal Course: The principal course is the main course of study undertaken by the overseas student. Where a student visa has been issued for multiple courses, this will usually be the final course of study – the highest qualification.

'Compassionate or compelling' circumstances: Circumstances that are generally those beyond the control of the overseas student and which have an impact upon the overseas student's course progress or well being. These could include, but are not limited to:

- Serious illness or injury, where a medical certificate states that the overseas student was unable to attend classes.
- bereavement of close family members such as parents or grandparents (where possible a death certificate should be provided)
- major political upheaval or natural disaster in the home country requiring emergency travel and this has impacted on the overseas student's studies.
- A traumatic experience, which could include:
 1. Involvement in, or witnessing of a serious accident; or
witnessing or being the victim of a serious crime, and this has impacted the overseas student (these
 2. cases should be supported by police or psychologists' reports)
- Where the registered provider was unable to offer a prerequisite unit, or the overseas student has failed a prerequisite unit and therefore faces a shortage of relevant units for which they are eligible to enroll.

- b) After completing this process, the Operations/Administration Manager or representative will print a copy of the PRISMS record and attach it with the student application.
- c) If a student has completed more than 6 months, the enrolment will proceed as applicable. However, if a student has not completed more than 6 months of their course, PRISMS will be checked.

6. Providing release from GHMC

Circumstances in which GHMC will grant a transfer request or release because the transfer is in the overseas student's best interests, including but not limited to where GHMC has assessed that:

- overseas students will be reported due to not being able to achieve satisfactory course progress at the level they are studying, even after the implementation of an intervention strategy to assist the overseas student. In such circumstances, if a student requests for a release for another college by presenting an offer letter of other suitable course. GHMC will grant the release in the student's best interest.
- There is evidence of compassionate or compelling circumstances.
- If a student is moving to another state that imply the condition, that the student will not be able to attend his/her classes or continue the course with GHMC.
- GHMC fails to deliver the course as outlined in the written agreement.
- There is evidence that the overseas student's reasonable expectations about their current course are not being met.
- There is evidence that overseas students were misled by GHMC, an education or migration agent regarding GHMC, or its course and the course is therefore unsuitable to their needs and/or study objectives.
- An appeal (internal or external) on another matter results in a decision or recommendation to release the overseas student.

Release will be provided if a student has provided a valid offer letter from another registered provider and has paid all the remaining fees that were due or that a student is required to pay for his course.

Note: If release is granted from GHMC, it will be at no cost to the overseas students. It is further advisable that students should contact the Immigration department to seek advice on whether a new student visa is required.

6. Refusing release from GHMC

Circumstances under which release will not be granted to overseas students include:

- If a student wishes to request a release for the same course at a different institute or registered provider.
- Course progress of student is not up to date i.e., the overseas student has been unable to achieve satisfactory course progress at the level they are studying, and intervention strategy has not been implemented to assist the overseas student. In this case, GHMC will provide students with an opportunity to maintain satisfactory course progress by implementing intervention strategies.
- Student has not paid his/her fees for the course or has remaining fees left to be paid.

GHMC intends to refuse the transfer request; students will be informed in writing about:

- the reasons for the refusal
- Overseas students have the right to access GHMC's complaints and appeals process, in accordance with Standard 10 (Complaints and appeals), within 20 working days.

GHMC will not finalize the student's refusal status in PRISMS until the appeal is in favor of GHMC, or the overseas student has chosen not to access the complaints and appeals processes within the 20 working days period, or the overseas student withdraws from the process.

GHMC's Operations/Administration Manager or representative will maintain records of all requests from overseas students for a release and the assessment of, and decision regarding, the request for two years after the overseas student ceases to be an accepted student.

7. Transfer from another provider

GHMC will not knowingly enroll a student prior to completing six months of their principal course, unless the overseas student has obtained a release from their original provider, or meet one of the following conditions:

- The releasing registered provider, or the course in which the overseas student is enrolled, has ceased to be registered.
- The releasing registered provider has had a sanction imposed on its registration by the ESOS agency that prevents the overseas student from continuing his or her course at that registered provider.
- Any government sponsor of the overseas student considers the change to be in the overseas student's best interests and has provided written support for the change.

After completing six months of their principal course, an overseas student can transfer without needing to meet one of these conditions.
